

Salmon River Half Day and Full Day Rafting Trips
 Wet and Wild Adventures for all ages and abilities.
 This is Fun.....Join US!

½ and 1 day raft trips on the Salmon River near Riggins Idaho.

Our ½ and 1 day raft trips are a fantastic introduction to Idaho whitewater with big fun rapids, great scenery and easy access. The Riggins section offers roadside class II-IV whitewater in a beautiful setting and is great for any adventure level because of the size and water flows of the Salmon River. Our guides have a great variety of choices when deciding how and where to run the rapids. If you want mild, we can choose the conservative run and if you want wild we can hit the big waves and holes! We take rafters 5 years old and up and can make arrangements for physically challenged guests as well. We have some of the best guides on the river and they can help make your experience one to long remember.

If you want even more excitement, visit the Salmon River in late May and early June to experience BIG WATER THRILLS and the Big Water Blow out the 1st weekend in June.

Our early summer trips are not for everyone, these trips offer Grand Canyon sized whitewater on a day trip. Not sure BIG WATER rafting is for you? Join us in July or August for hot days, warm water and lots of fun roller coaster rapids. Paddle your own boat in our inflatable kayaks, be part of a winning team in a paddleboat or just hang on and enjoy the ride in one of our self-bailing oar boats. At the end of the day, be sure to stop by the photo shop and see the pictures of your runs through the rapids at Salmon River Photo's Store North end of town across from Riggins 1 Stop.
